Created for Your Wedding

Sana, it was such a pleasure speaking with you and learning more about the wedding you are planning at Jacuzzi Family Vineyards.

Your vision of an elegant yet relaxed black-tie celebration, set against the rustic beauty of the vineyard, creates the perfect setting for a tarot experience that feels elegant, personal, and aligned with the theme.

The experience will be designed around your wedding palette of gold, white, champagne, amber, red, and ivory so the tarot lounge feels like a natural part of the celebration rather than a separate attraction.

“A meaningful pause within the celebration: refined enough for black tie, relaxed enough for guests to enjoy naturally.”

A Personal Moment Within the Celebration

Guests are invited to stop by the tarot lounge for a brief, warm reading.

GUESTS CAN EXPECT

- 4–5 minute individual mini-readings
- Elegant question prompt cards
- A comfortable, beautifully styled setting
- A memorable conversation they can carry back into the celebration

Recommended Split Experience

This format works especially well for a wedding reception because the tarot lounge opens during the highest-engagement windows and pauses during dinner transition and formalities.

-  **5:00–6:00 PM**

Cocktail Hour Readings
Guests can enjoy readings as they arrive, mingle, and enjoy drinks in the vineyard setting.
-  **6:00–7:00 PM**

Reception Pause
The station pauses while guests transition into reception, dinner service, and opening formalities.
-  **7:00–9:00 PM**

Signature Evening Lounge
Balanced coverage through cocktail hour and early reception.
-  **7:00–11:00 PM**

Extended Evening Lounge
Maximum guest opportunity through dinner, dancing, and the full evening flow.

The one-hour reception pause is built into the timeline and is not counted as reading time. The tarot station setup will remain in place unless venue logistics require relocation.

Designed for a Smooth Guest Flow

The tarot lounge is offered as an optional experience throughout the selected service periods.

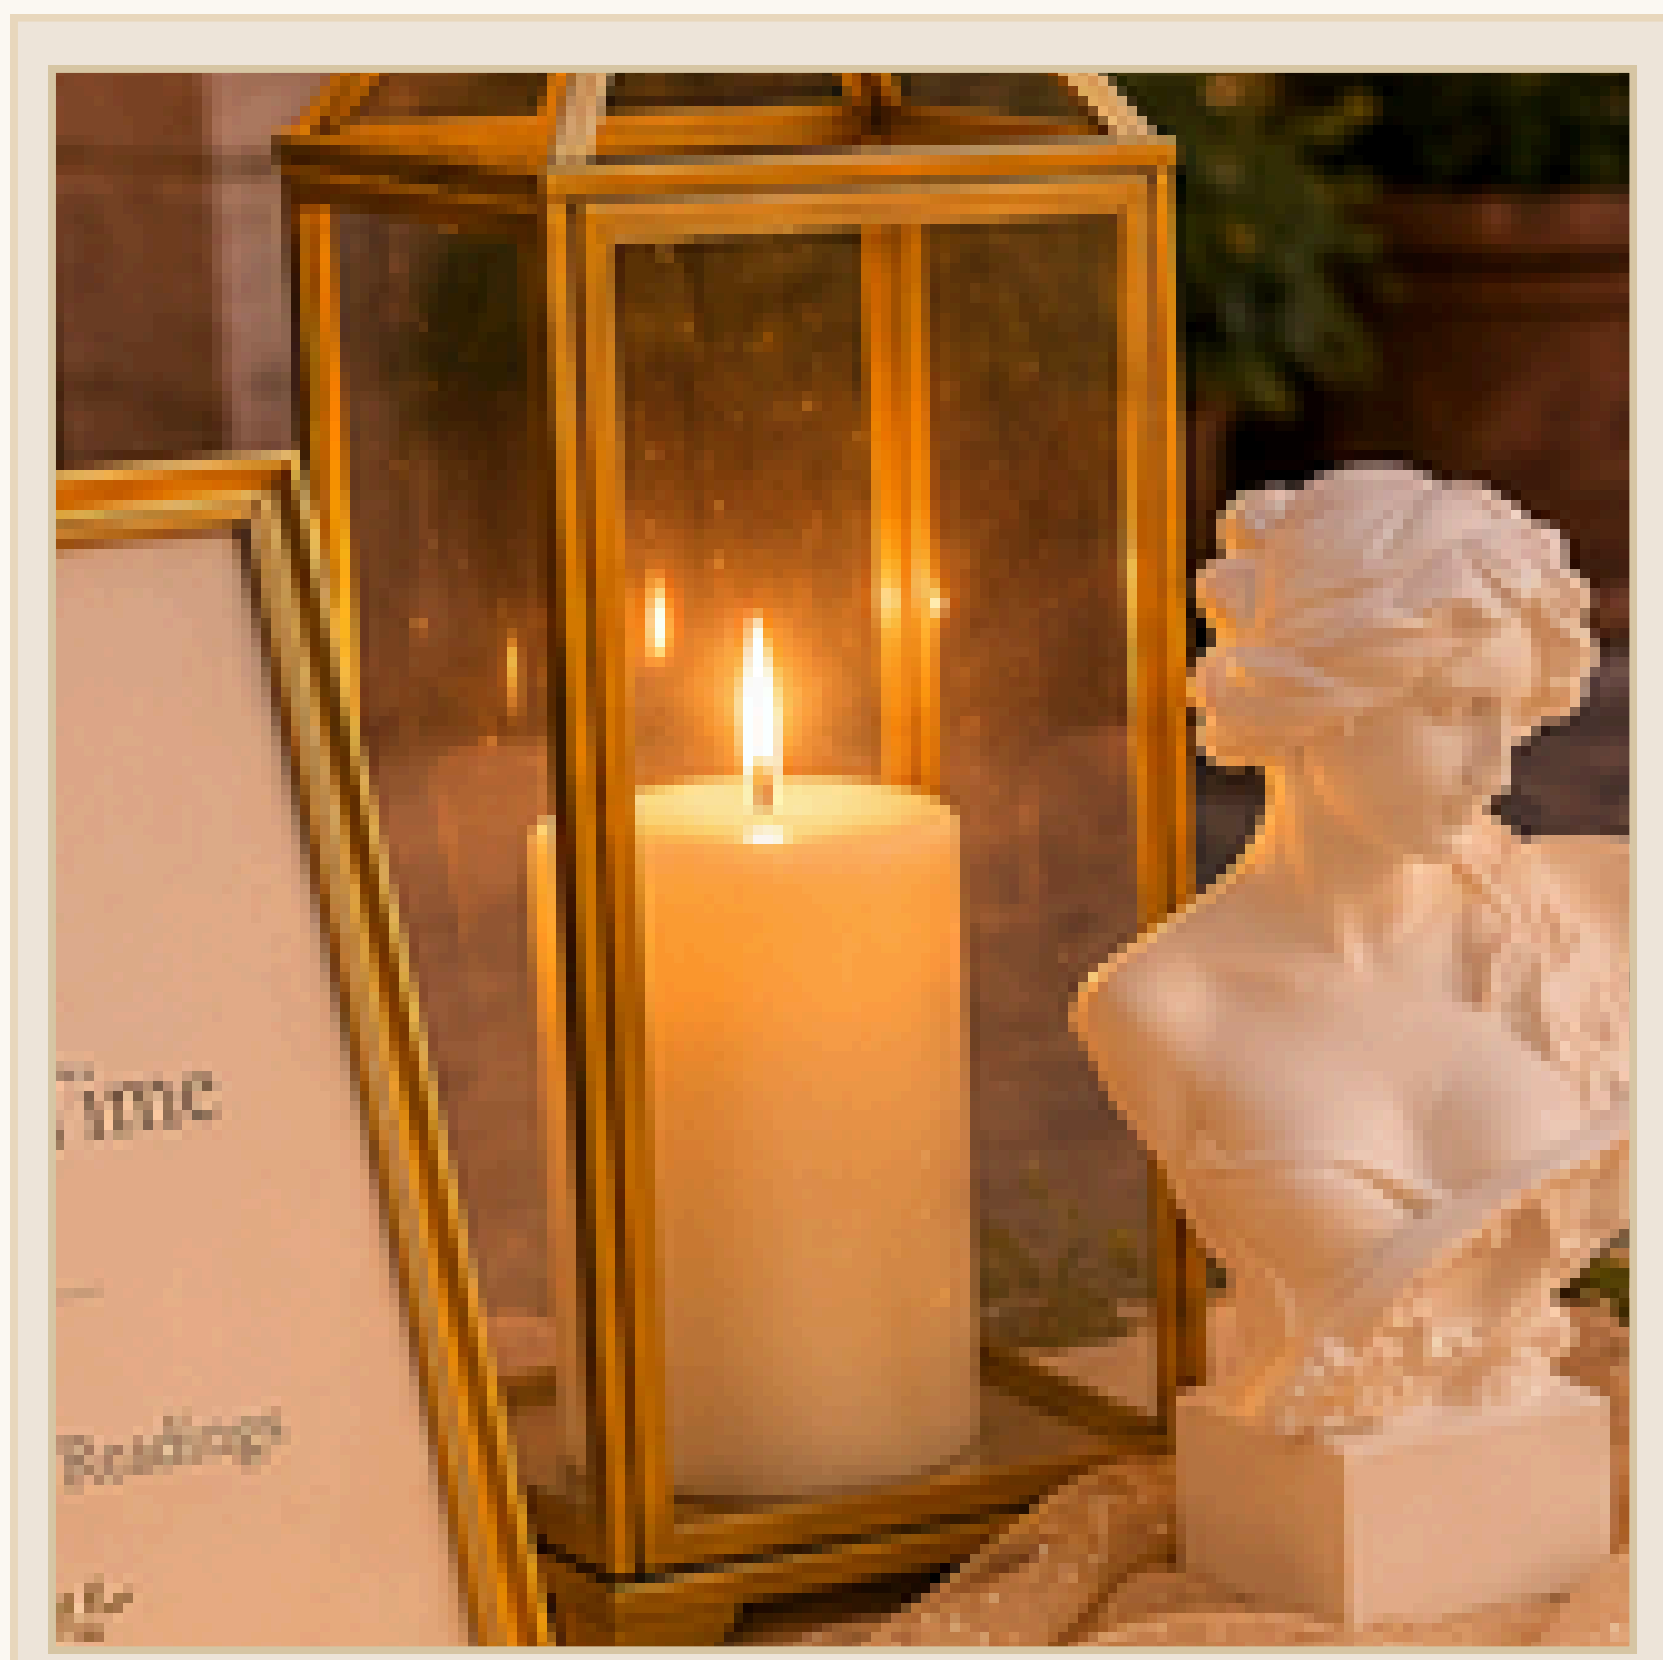

SIGNATURE <i>3 total service hours</i> Approx. 36–45 readings Best for cocktail hour + early reception Clean, focused guest flow	EXTENDED <i>5 total service hours</i> Approx. 48–60 readings More relaxed participation window Best for maximizing guest access

FLOW SYSTEM

A simple sign-up system can be provided to keep the experience organized while allowing guests to continue enjoying the reception.

Elegant Wine-Country Styling

The tarot lounge will be styled to complement the sophisticated yet relaxed atmosphere of the wedding and the Italian-inspired vineyard setting.

The design will draw from the wedding palette of gold, white, champagne, amber, red, and ivory, creating a warm and refined look.

DESIGN DETAILS

- Warm candlelight layered through brass lantern, candles and mercury-glass votives
- Seasonal floral arrangement in soft ivory with olive greenery
- Antique brass accents inspired by Italian villas
- Elegant welcome signage and curated prompt cards
- A refined reading space designed to blend seamlessly into the reception décor

If your florist has seasonal blooms remaining after the ceremony or reception installation, I'm happy to incorporate them into the tarot lounge for an even more seamless visual connection.
